PROFILE SUMMARY

BCA student with a solid foundation in HTML5, CSS3, JavaScript, C, C++, Java, SQL, DBMS, and Linux, backed by hands-on project experience in web development and application design. Quick to learn new technologies and comfortable applying core CS fundamentals to build functional, well-structured solutions. Seeking a Software Developer internship to apply these skills on real-world projects and grow as an engineer.

EDUCATION

Bachelor of Computer Applications (BCA) — Pursuing

Higher Secondary (12th), MP Board — 2024

Secondary (10th), MP Board — 2022

TECHNICAL SKILLS

C C++ Java JavaScript HTML5 CSS3

SQL DBMS OOP Basic DSA Git & GitHub Linux MS Office

PROJECTS

Student Management System (C++)

- Developed a console-based application to manage student records.
- Implemented Add, Search, and Update functionalities.
- Applied Object-Oriented Programming concepts.

Java Calculator

- Developed a calculator application using Java.
- Implemented arithmetic operations with a simple user interface.
- Used Object-Oriented Programming concepts.

Personal Portfolio Website (HTML5, CSS3, JavaScript)

Live Demo: rishabhporwal00.github.io/Rishabh-portfolio-

- Designed and developed a fully responsive personal portfolio.
- Showcases skills, projects, education, and contact information.
- Modern UI with smooth animations, hosted using GitHub Pages.

Live Weather App (HTML5, CSS3, JavaScript)

Live Demo: rishabhporwal00.github.io/Weather-App

- Developed a responsive weather application with a clean, user-friendly interface.
- Fetches and displays real-time weather data using a weather API.

STRENGTHS & LANGUAGES

Quick Learner Problem Solving Team Collaboration Communication Adaptability

Languages: Hindi, English

CAREER OBJECTIVE

To secure a Software/Frontend Developer internship where I can apply my technical skills to build reliable, real-world solutions, learn from experienced engineers, and grow into a strong industry-ready developer.
